**Much more than
just a talk or training...**

**This is about making a
difference in the lives of
the people in the audience.**

**I learned long ago that the audience is really the
star of the show.**

**I genuinely love teaching and working with the
people in the audience, therefore my talks are not
full of platitudes. Each topic is built around real
actionable steps. I teach tools that translate into
real results.**

**At every event I am committed to giving a
powerful talk that is told with humor and insight.
Each talk is sprinkled with personal stories about
myself and the people in my life. Real life
experiences, struggles and lessons that people can
relate to and learn from. Humor permits me to
tackle even the toughest issues. Humor also allows
the audience go deeper and get more from the
conversations.**

ASK, GET IT, REPEAT: Ask for What You Want... and GET IT!!!

We have all been misled for generations. You see, as kids, Disney told us, “When you wish upon a star, makes no difference who you are, your dream comes true.” So we laid in bed at night and wished. And crossed our fingers. And hoped. And waited.

For a seven year old, wishing for a puppy is one thing, but as an adult we know we do not get the things we wish for, *we get the things we ask for in life*. Consider... The job. The promotion. The raise. The date. The lead. What things do you want right now?

In “**ASK for What You Want... and GET IT!!!**,” you will learn HOW to ask for what you want. No more fingers crossed, wishing on a star, and hoping. The future belongs to those who ask. Are you ready to ask? Let's get started!

KILLER CONFIDENCE: 3 Secrets to Feel Instantly Confident

For way too long people have been under the misguided notion that confidence is given only to those who are blessed or worthy or tall or smart or (you fill in the blank here) .

This misguided mindset leaves too many people believing that confidence is for others. Now, hold on to your chair because I am going to blow your mind (cue sound track of explosion music)...

“Confidence is nothing more than a skill set.” It is true, confidence is a learned skill.

Learning how to be confident is the same as when you learned to tie your shoes, make a bed, balance your checkbook, and do long division. Confidence is simply a learned skill.

In “**POWER POSE: 3 Secrets to Feel Instantly Confident**,” you will learn how to build your confidence skill set. Wear comfortable shoes, we are going to cover a lot of ground!
